Laddered

\*\*\*Printed parts contain a 0.02 inch adjustment for the square through-hole for the rod based on our 3D printer's error, please adjust your models accordingly.

Small Unladdered

Small Laddered

Large Unladdered

Large Laddered

The large laddered rod was printed in one large piece and ten notched pieces. The notches piece dimensions were synthesized by cutting the notched pieces from a non-separated laddered rod drawing.
